PG&E Witness:		Requester:	Alan Wehrman

The following questions related to PG&E's 2021 Wildfire Mitigation Plan (WMP) Update.

QUESTION 01

Has PG&E set a target date to complete the planned 2021 routine vegetation management work in HFTD areas?

- a. If yes, please provide the target date.
- b. If no, please explain why not.

ANSWER 01

- a. Please see response to b below.
- b. PG&E does not have a set target date for completion of all routine work within HFTD, as work is continuous throughout the year before, during, and after fire season. The program is designed to maintain compliance year-round with PRC 4293 and GO 95. However, as part of PG&E's routine program all patrol inspections will be completed by the end of 2021, as described on page 11 of the 2021 WMP.
