- b) Name of the circuit
- c) The date of the outage
- d) Whether the outage was a circuit outage or a partial outage
- e) Cause of outage
- f) For all equipment failure outages, please state the specific type of failure (i.e.: OH transformer failure, overload, cross arms, UG transformer failure, cable failure, splice failure etc.)
- g) The outage duration in minutes
- h) The total number of customers impacted
- i) If all or part of the circuit is currently undergrounded, provide the date that OH to UG conversion was completed.
