Outage Status

When wildfire risk is higher, powerlines in your area shut off instantly when struck by a branch or object. Lines stay off until fully inspected. These safety settings have reduced ignitions by 80%. [More Info](#)

[Change Address](#)

**Current Outage Status:** Power is currently on. Outages may take 10-25 minutes to appear. 

Current As Of: May 12 | 4:27 PM PDT
