ANSWER 007

The attachment to this response is confidential as described in the confidentiality declaration of Richard Knoeber, dated May 5, 2023.

Please see attachment "*WMP-Discovery2023_DR_CalAdvocates_022-Q007Atch01CONF.pdf*" for the requested information. Specifically, on pages 1-2 of the document, we identify three calculations that comprise the Quality Pass Rate: (1) the QV Distribution Pass Rate; (2) the QV Transmission Pass Rate; and (3) the Routine Vegetation Management Pass Rate. The Critical Pass Rate is comprised of two of these three calculations: (1) the QV Distribution Pass Rate; and (2) the QV Transmission Pass Rate.
