Request Date:	March 9, 2021	Requester DR No.:	CalAdvocates-PGE-2021WMP-17
Date Sent:	March 17, 2021	Requesting Party:	Public Advocates Office
PG&E Witness:		Requester:	Alan Wehrman

The following questions relate to PG&E's 2021 Wildfire Mitigation Plan (WMP) Update.

QUESTION 04

Per Table 5, in 2020, PG&E had 4 OSHA-reportable contractor injuries due to "other" work.

- a. For each injury from 2020, please list the following:
 - i. The type of work being performed at the time of injury.
 - ii. The cause of the injury.
- b. Please list measures that have been put in place or are planned for 2021 to reduce the number of injuries in the "other" category.

ANSWER 04

PG&E interprets this question to relate to OSHA-recordable injuries due to "other" work, rather than OSHA-reportable injuries.

- a) For each of the 4 OSHA-recordable contractor injuries from 2020:
 - i) Refer to the Attachment "WildfireMitigationPlans_DR_CalAdvocates_051-Q04-Atch01", specifically Column A in the "4.a" tab for details of the type of work being performed at the time of injury.
 - ii) Refer to the Attachment "WildfireMitigationPlans_DR_CalAdvocates_051-Q04-Atch01", specifically Column B in the "4.a" tab for details of the cause of the injuries.
- b) PG&E has not implemented, and does not plan to implement, any measures in 2021 to reduce the number of injuries and fatalities in the "other" category specifically but plans to put other measures in place at the enterprise-level to reduce personnel injuries. Please refer generally to our response to Question 5 for details regarding measures taken from 2019 to 2021.
