**QUESTION 01**

Please provide in Excel the number of utility distribution wood poles segregated by size class (ANSI O5.1 – 2017) separately for HFTD and non-HFTD areas, as they were at the end of 2018, 2019 and 2020. Please also provide the number of non-wood poles. Please use the following spreadsheet design, with separate sheets for each year. Please contact TURN if a different format would be more appropriate.

## ANSWER 01 REVISED 01

Please refer to attached file named "WildfireMitigationPlans\_DR\_TURN\_018-Q01Rev01-Atch01"

Please note that we added to the table above a row entitled unavailable. This represents poles for which the size is not reflected in PG&E's system and thus the requested information is unavailable. This may include, for example, poles that were installed a substantial number of years ago before poles sizes were included in records.

PG&E is updating our prior response to correct for an inadvertent error. Please see the 2020 tab for these revised numbers.
