

2024 Public Safety Power Shutoff (PSPS) Tabletop Exercise (TTX)

March 19, 2024

Exercise Evaluation Guide (EEG)

HANDLING INSTRUCTIONS

1. The title of this document is the **2024 Public Safety Power Shutoff PSPS Exercise Evaluation Guide (EEG)**. The contents in this EEG reflect the information provided to the exercise evaluators as of the date of publication and may be modified prior to execution at the direction of the Exercise Director.
2. This document should be safeguarded, handled, transmitted, and stored in accordance with appropriate security directives. This document is for OFFICIAL USE ONLY and should be handled as sensitive information. Reproduction of this document, in whole or in part, is prohibited without prior approval from Pacific Gas & Electric Company (PG&E).
3. At a minimum, the attached materials will be disseminated strictly on a need-to-know basis and, when unattended, will be stored in a locked container or area that offers sufficient protection against theft, compromise, inadvertent access, and unauthorized disclosure.
4. For more information on this exercise, please consult the Exercise Director:

EXERCISE OVERVIEW

Exercise Name	2024 Public Safety Power Shutoff (PSPS) Tabletop Exercise (TTX)
Exercise Dates	Tuesday, March 19, 2024
Location	Hybrid: In-Person (VERC) & Virtual (MS Teams)
Scenario	<p>The scenario is aimed at discussing the various stages of the PSPS Procedural Flow (ProFlow) process with internal Lines of Business and External Agencies.</p> <p>This PSPS TTX simulates R5-Plus weather conditions to test PG&E's ability to prepare for, respond to, and recover from a PSPS event.</p>
Event Scope	The TTX aims to help PG&E response teams apply the PSPS specific knowledge provided by the training series in a realistic scenario.
Relevant Plans	<ul style="list-style-type: none">• Company Emergency Response Plan (CERP) (v9- 11/2023)• 2023 Public Safety Power Shut-Off (PSPS) Annex (v8- 08/2023)• Other Functional Area Specific Plans
Exercise Objectives	<p>The overarching exercise objectives align to the following core capabilities:</p> <ol style="list-style-type: none">1. Planning2. Operational Coordination and Communication3. Public Information and Warning4. Situational Awareness5. Critical Resources6. Natural and Cultural Resources
Threat/Hazard	A PSPS event will impact PG&E's service territory. R5-Plus Weather Conditions.

Agenda

0830-0900	Check In
0900-0910	Safety (In-Person & Virtual)
0910-0935	Introductions & Roll Call
0935-0955	PSPS Program Update
0955-1000	Scenario Overview
1000-1030	Facilitated Discussion - Module 1: Event Identification & Readiness Posture
1030-1230	Facilitated Discussion Modules 2-4: Breakout A: Customer/Liaison/PIO/External Partners Breakout B: PSPS Team/IT/EDEC/ETEC Breakout C: Command and General Staff - EOC/REC/OEC
1230-1300	Lunch
1300-1330	Return to Breakout Room Facilitated Discussion Modules 2-4 Continued
1330	Return to EOC Main Floor
1330-1430	<u>Cross Functional Discussion and Breakout Report Outs</u> Module 2 - EOC Activation, Event Scoping, Planning and Notification Module 3 - De-energization and Notification, Event Monitoring Module 4 - All-Clear, Patrol and Restore, Notification
1430-1500	Wrap Up, Hot Wash, Closing Remarks

Participating Functional Areas & External Partner Agencies

- Electric Distribution
- Electric Transmission
- Electric Field Operations
- Information Technology
- Electric Incident Investigations
- Corporate Safety
- Corporate Real Estate Strategy and Services (CRESS)
- Hazard Awareness & Warning Center (HAWC)
- Safety and Infrastructure Protection Team (SIPT)
- REC/OEC
- Marin County OES
- Madera County OES
- Customer Care
- Human Resources
- Marketing & Communications
- PSPS Technology/Operations
- Meteorology
- Temporary Generation
- Finance
- Vegetation Management
- PSPS PMO
- Aviation Services
- Corporate Affairs
- Supply Chain Logistics
- Yolo County OES
- Northern California Power Agency
- Shasta County OES

SCENARIO AND SCOPE OVERVIEW

PG&E Meteorology is tracking variable weather conditions. A dry, offshore wind event is expected to develop Thursday, April 18th, 2024, with increasing winds during the late morning timeframe, before reaching peak intensity Thursday evening. Wind speeds are expected to be highly variable, reaching 25 – 35 mph with gusts 45 – 55+ mph across elevated terrain. The Meteorology Services team will implement a Distribution System Operations (DSO) Storm Outage Prediction Project (SOPP) model to determine the severity of the incident.

The SOPP is used to predict the daily outage volume and resources needed to respond to weather events. DSO SOPP Model is projecting a Cat 2 system total wind event, with Cat 3 outage totals possible for some divisions, indicating that significant adverse weather is possible. The DSO SOPP model is showing the potential for up to 56,500 customers to be impacted on Thursday, April 18th and approximately 64,600 for Friday, April 19th.

Winds will decrease below outage producing thresholds between 0700 and 0900 hours on Friday, April 19th. DSO SOPP model and derivate products show typical resource requirement for a wind event; no resources have been added to account for increased patrolling needs. Given the extremely dry conditions, Extreme-Plus fire danger is expected between 1400 Thursday and 1000 Friday in Fire Index Areas (FIA) 105, 140, 150, 154, 175, 177, 180, 185, 190, 244, 246, 247, 248, 250, 280, 282, 300, 305, 320, 330, 335, 340, 345, 348, 350, 360, 370, 400, 420, 424, 427, 428, 430, 438, 440, 448, 450, 490, 500, 507, 510, 512, 518, 520, 525, 530, 535, 540, 545, 553, 560, 575, 582, 585, 586, 588, 590, 651.

Figure 1. Initial Scope

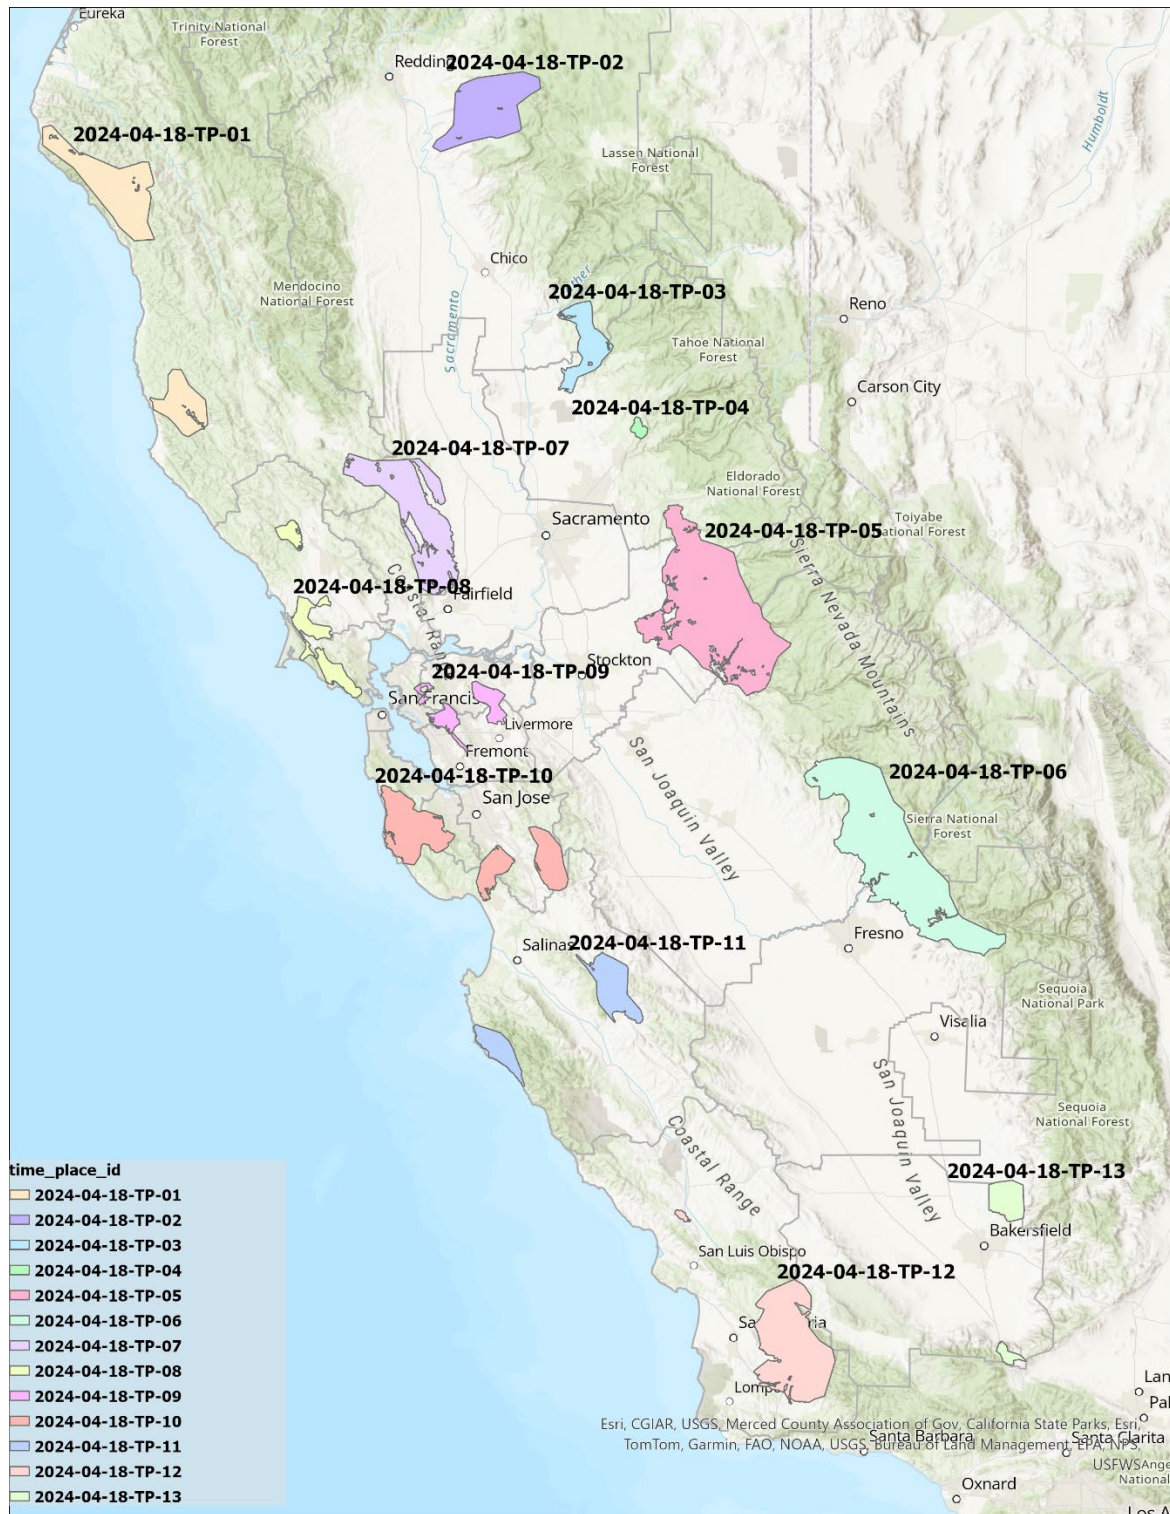

Figure 2. Revised Scope

EXERCISE EVALUATION GUIDELINES

This event will incorporate a scenario-based format that is informed and guided by exercise objectives. The modules support achievement of the exercise objectives by initiating discussions, facilitating decision-making, and examining appropriate response outcomes based on the exercise scenario.

Participants will be acting in their real-world roles for their organizations when considering the scenario, offering observations, and discussing strategic and tactical decisions. This approach allows the discussion to focus on situations within a moving timeline and for participants to contribute to the discussion from the perspective of their role in this scenario. The facilitator will ensure that the scenario moves along at an appropriate pace and that all participants have an opportunity to contribute.

The PG&E Public Safety Power Shutoff TTX will be held in an **open, low-stress, no-fault, and non-attribution environment**. Varying viewpoints and disagreements are expected. **Decisions are not precedent-setting and may not reflect your organization's final position on an issue.** The exercise is exploratory and serves to identify issues, as well as multiple options and possible solutions.

EXERCISE ASSUMPTIONS AND ARTIFICIALITIES

In any exercise, assumptions and artificialities may be necessary to complete exercise play in the time allotted and/or account for logistical limitations. Such assumptions and artificialities are inherent in any exercise and are intended to augment, rather than distract from the scenario.

ASSUMPTIONS

Assumptions constitute the implied factual foundation for the exercise, and as such are assumed to be present before the exercise starts. The following general assumptions apply to the exercise:

- The exercise will be conducted in a no-fault environment wherein systems and processes, not individuals, will be evaluated.
- The exercise scenario is plausible, and events occur as they are presented.
- There is no "hidden agenda" nor are there any trick questions.

ARTIFICIALITIES

The scenario assumes certain player actions throughout each of the modules so players should first discuss the actions stipulated by the scenario; however, players are welcome to engage in "what if" discussions of alternative scenario conditions.

EXERCISE RULES

Exercise play will proceed in accordance with established plans and procedures. The exercise will conclude once time has run out or upon the completion of the exercise objectives as determined by the Facilitator.

The following general rules govern exercise play:

- Players should join the Microsoft Teams meeting before the Welcome time (0900).
- The Facilitator will announce any exercise suspension or termination and will instruct participants to stop-in-place.
- Players will comply with real-world response procedures unless otherwise directed by the Facilitator.
 - If an actual emergency occurs, the exercise may be suspended or terminated at the discretion of EP&R leadership and the Exercise Director, depending on the nature of the incident.
 - The Facilitator will announce restart of the exercise once the emergency or situation has been resolved.

SAFETY

Safety is an integral part of the exercise process, and a responsibility of all participating organizations to conduct an exercise of this magnitude as safely as possible.

GENERAL

Exercise participant safety takes priority over exercise events. Although the organizations involved in this exercise come from various functional areas, they share the basic responsibility for ensuring a safe environment for all personnel involved in the exercise.

Professional health and safety ethics should guide all participants to operate in their assigned roles in the safest manner possible. The following general requirements apply to the exercise:

- Participants will be responsible for their own and each other's safety during the exercise. It is the responsibility of everyone associated with the exercise to stop play if, in their opinion, a real safety problem exists. Once the problem is corrected, exercise play can resume.
- All organizations will comply with their respective environmental, health, and safety plans and procedures, as well as the appropriate federal, state, and local environmental health and safety regulations.

ACCIDENT REPORTING AND REAL EMERGENCIES

For an emergency that requires assistance, the phrase to use is “**Real-World Emergency.**” If a real emergency occurs that affects the entire exercise, the exercise may be suspended or terminated at the discretion of the Exercise Director.

VIRTUAL PLATFORM COORDINATION

LOCATION

This exercise will be hosted at the Vacaville Emergency Response Center (in-person) and via Microsoft Teams Meeting (virtual). EP&R has provided meeting details and a Teams meeting link in advance.

RULES OF BEHAVIOR

- Active participation is encouraged, and questions are welcome throughout the exercise.
- This is a no-fault learning environment: there are no wrong answers or bad questions.
- Please keep your audio on mute when not speaking.
- **Only players** will need to keep their video on.
- Please do not interrupt when others are speaking.
- Use the hand raise tool to get the facilitator’s attention.
- Each player will be given the opportunity to provide input.
- If you are unable or miss an opportunity to share, please write your message in the Teams chat for the entire group for ease of monitoring.
- The TTX will not be recorded, but chat messages may be archived for review as part of the evaluation process.

EXERCISE EVALUATION

The goal of exercise evaluation is to validate strengths and find areas for improvement in PG&E’s capability to identify, respond to, and recover from a threats or hazards that puts company assets, reputation, or safety at risk. The evaluation will assess how well players achieve the exercise objectives.

This is accomplished by:

- Observing the exercise and collecting supporting data
- Analyzing the data to compare performance against expected outcomes
- Determining what changes need to be made to the procedures, plans, staffing, equipment, communications, organizations, and interagency coordination to ensure expected outcomes

Exercise evaluation will be based upon an assessment of player performance. The following documents provide the foundation for evaluating the TTX.

AFTER ACTION REPORT

The After-Action Report (AAR) will be organized by exercise objective. The AAR will identify specific observations and issues as well as recommendations for resolving them.

2024 Public Safety Power Shutoff (PSPS)
Tabletop (TTX)
Exercise Evaluation Guide (EEG)

ALL GROUP

MODULE 1: EVENT IDENTIFICATION & READINESS POSTURE

Module 1 Discussion Questions – All Groups

Met/HAWC/SIPT

1. What are the meteorological criteria that triggered the activation of Readiness Posture for this PSPS Event?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Met/HAWC/SIPT

2. What technology platforms does Meteorology & Fire Science employ to understand when weather conditions might lead to PSPS conditions?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 1 Discussion Questions – All Groups

Met/HAWC/SIPT

3. Have there been any changes in thresholds or other criteria since the PSPS program was created in 2018?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Customer/LNO/PIO

4. What is the first indication that PG&E provides to external partners that a PSPS Event may be necessary?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning

 - c. How do we handle multiple requests in one area that may exceed our capabilities?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 3 Questions and Eval for Breakout A

PIO

37. Are you coordinating with other public agency PIOs?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

2024 Public Safety Power Shutoff (PSPS)
Tabletop (TTX)
Exercise Evaluation Guide (EEG)

MODULE 4 - ALL-CLEAR, PATROL AND RESTORE, NOTIFICATION - A

Module 4 Questions and Eval for Breakout A

Liaison

38. What are the most critical messages sent to agencies during the all-clear timeframe and how are the messages sent?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

County OES Participants

39. Do you find post-event photos of damage that could have resulted in an ignition valuable to share with your communities on social media?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 4 Questions and Eval for Breakout A

PIO

40. What are the most critical messages sent during the ALL-CLEAR timeframe?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Customer

41a. How are Estimated Time Of Restoration (ETOR). Update, All Clear, and Power Restored notifications sent?

41b. Is it the same as the process before De-Energization?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

BREAKOUT B

MODULE 2 - EOC ACTIVATION, EVENT SCOPING, PLANNING AND NOTIFICATIONS B

Module 2 Questions and Eval for Breakout B

**PSPS Scoping Unit
Leader/Specialist/
EDEC**

50. Describe any communication that PG&E may have regarding shared circuit impacts with SCE.

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

EDEC/ETEC

51. At what point in a PSPS, would ETEC officially activate?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 2 Questions and Eval for Breakout B

EDEC/ETEC

52. During a typical event, how often does ETEC hold check-ins/calls and what groups or departments are typically involved in those briefings/calls?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Branch/IT Branch Director/BT Advisor

53. Describe the specific activities that ITCC would undertake as part of the preparation and planning once the ITCC has been activated.

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 2 Questions and Eval for Breakout B

**PSPS Scoping Unit
Leader/Specialist/ETEC/
EDEC**

54. What is the process for identifying impacts to Power Generation facilities based on PSPS scope?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

**PSPS Scoping Unit
Leader/Specialist/ETEC/
EDEC**

55. What elements of the PSPS plan does the Scoping Unit Lead review before staging?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 2 Questions and Eval for Breakout B

**PSPS Scoping Unit
Leader/Specialist/ETEC/
EDEC**

56. You have been notified that a key piece of switching equipment in the field is defective and is a critical component of the de-energization process.

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

**PSPS Section
Chief/Deputy, PSPS
Scoping Unit
Leader/Specialist,
EDEC/ETEC**

57. What is the purpose of a Scoping Operating Review meeting?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 2 Questions and Eval for Breakout B

**PSPS Section
Chief/Deputy, PSPS
Scoping Unit
Leader/Specialist,
EDEC/ETEC**

58. What is the next step for that deliverable in the process?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

**PSPS Scoping Unit
Leader/Specialist/Section Chief/Deputy**

59. What are the in-event PSPS Scoping Requirements?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 2 Questions and Eval for Breakout B

**PSPS Scoping Unit
Leader/Specialist/Section
Chief/Deputy**

60. What are the in-event and post-event PSPS Scoping Requirements?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Notification Specialist

61. What are the key responsibilities of the Notifications Specialists for PSPS notifications and Emergency Web Files?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 2 Questions and Eval for Breakout B

Notification Specialist

62. Who is the QA/QC Lead for the customer, agency, and transmission notification files?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

2024 Public Safety Power Shutoff (PSPS)
Tabletop (TTX)
Exercise Evaluation Guide (EEG)

MODULE 3 - DE-ENERGIZATION AND NOTIFICATION, EVENT MONITORING - B

Module 3 Questions and Eval for Breakout B

EDEC/ETEC

63a. In an event, where all lines in scope are de-energized, how actually involved is ETEC in the (All Clear, Patrol & Restoration) during a PSPS?

63b. What happens in ETEC during this time?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Notification Specialist/Notification Hawk/Transmission Asset Health Specialist (TAHS)/ETEC

64. What are the different processes of communicating with Transmission Customers in the event they are impacted by a PSPS Event?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 3 Questions and Eval for Breakout B

**Distribution Asset
Health Specialist
(DAHS)/EDEC/ETC**

65. What is the timing of PSPS Vegetation and EC Tag review?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

**Distribution Asset
Health Specialist
(DAHS)/EDEC/ETC**

66. What open tags for outstanding repair work are included in PSPS scope?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 3 Questions and Eval for Breakout B

External Reporting
Unit (ERU)
Lead/PSPS Section
Chief/Deputy

67. When is a Cal OES Form needed?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

ITCC/All

68. Once De-energization occurs what are the key activities that IT would be involved in?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 3 Questions and Eval for Breakout B

Portal Specialist

69. When is the Portal Updated during a PSPS event?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

MODULE 4 - ALL-CLEAR, PATROL AND RESTORE, NOTIFICATION - B

Module 4 Questions and Eval for Breakout B

**PSPS
Section
Chief/Deputy**

70. What is the purpose of the All-Clear meetings?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

**PSPS
Section
Deputy**

71. Who will be inputting All Clear Zones in the PSIP Restoration tab following an All-Clear Meeting?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 4 Questions and Eval for Breakout B

**PSPS
Section
Deputy**

72. How will this information be communicated to the PSPS Scoping Specialist?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

**Scoping Unit
Lead**

73. What should we do if the restoration playbook is missing All Clear Zones?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 4 Questions and Eval for Breakout B

Scoping Unit Lead

74. Why would a device in the Restoration Playbook be marked as Patrol Not Required?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Transition Asset Health Specialist (TAHS)

75. What does the TAHS do once the Weather All-Clear has been declared?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 4 Questions and Eval for Breakout B

ITCC

76. Once the all-clear is given describe IT priorities and key activities.

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

External Reporting Unit (ERU) Lead

77. Regard post-event requirements what details are important to document to support the various CPUC required post-event de-energization reports?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

BREAKOUT C

MODULE 2 - EOC ACTIVATION, EVENT SCOPING, PLANNING AND NOTIFICATIONS C

Module 2 Questions and Eval for Breakout C

EOC Commander & Liaison

80. What are the required notifications upon EOC Activation? Is there any duplication of efforts in this space?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Plans Section

81. What changes have occurred in the Planning Section since the last PSPS Exercise Series, specifically in the Situation Unit?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 2 Questions and Eval for Breakout C

Plans Section

82. What is the daily meeting cadence? How is this meeting cadence correlated to the Operational "O"?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Logistics

83. How does the EOC Logistics Section coordinate with REC and OEC echelons to accomplish supply chain management?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 2 Questions and Eval for Breakout C

Power Generation

84. Can PSPS de-energization result in public safety impacts due to changes in water flows in the hydroelectric system?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Power Generation

85. Explain the types of impacts and how they are mitigated.

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 2 Questions and Eval for Breakout C

REC/OEC

86a. Please provide an overview of a typical Operational Period during this phase of a PSPS Event.

86b. What is the cadence and content of meetings, communications, and reports?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Human Resources

87. HR has three specific and well documented emergency response capabilities: Natural Hazard, Cybersecurity, and PSPS specified in the CERP. Please explain what emergency roles are supported by HR during a PSPS event.

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 2 Questions and Eval for Breakout C

Safety

88a. How is crew safety managed in the field during de-energization while preparing for patrol and restoration?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Safety

88b. Please provide an overview on how Field Safety Specialists coordinate with Commanders at OEC, REC, and EOC levels.

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 2 Questions and Eval for Breakout C

Safety

89a. Please provide an overview of how a Serious Incident/Fatality (SIF) report would be generated and escalated.

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Safety

89b. What is the highest level within the company that a SIF report must be reported to?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 2 Questions and Eval for Breakout C

HAWC

90a. Please provide an overview of how the HAWC monitors emergencies and fire ignitions.

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

HAWC

90b. Is additional priority given to specific types of incidents during a PSPS Event?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 2 Questions and Eval for Breakout C

HAWC

90c. How is this information processed and communicated?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

MODULE 3 - DE-ENERGIZATION AND NOTIFICATION, EVENT MONITORING - C

Module 3 Questions and Eval for Breakout C

EOC Commander/ Plans Section

91a. Please provide an overview of the State Executive Briefing.

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

EOC Commander/ Plans Section

91b. Where do you obtain the information used to populate the slide deck?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 3 Questions and Eval for Breakout C

REC/OEC

92a. How do crews operating in the field perform manual switching of devices?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

REC/OEC

92b. How are they informed of which devices to operate?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 3 Questions and Eval for Breakout C

REC/OEC

93. What effect does the status of Line Reclosers and/or EPSS enablement have on this process, if any?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Transmission/Distribution Branch Directors

94a. How is scoping information shared and used between the Transmission & Distribution branches?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 3 Questions and Eval for Breakout C

Transmission/Distribution Branch Directors

94b. Please provide an overview of any shared activities in this space.

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Operations Section

95. What communications and coordination are taking place between the decision to de-energize and the actual switching of devices to turn off power?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 3 Questions and Eval for Breakout C

REC/OEC

96. What is the role of the OEC Commander while power is in the de-energized state? What planning activity takes place?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Human Resources

97. A co-worker calls to request emergency assistance due to their being impacted by a prolonged PSPS outage, and states their medical supplies are in danger of being destroyed. How does HR support PG&E employees in such instances?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 3 Questions and Eval for Breakout C

Intelligence & Investigations Section

98a. At what point does the I&I Section activate?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Intelligence & Investigations Section

98b. Please provide an overview of how I&I prepares for damage documentation.

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 3 Questions and Eval for Breakout C

Intelligence & Investigations Section

98c. How does the PSPS version of I&I differ from that of other hazard types?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Plans Section

99. A member of the Board of Directors calls you directly and is asking for new information to be included in a special report to be delivered to them by the end of the Operational Period.
How do you respond, and how would you coordinate delivery on this request?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 3 Questions and Eval for Breakout C

Plans Section

100a. What are the elements of an Executive Summary?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Plans Section

100b. To whom are these reports delivered, and on what cadence?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 3 Questions and Eval for Breakout C

Human Resources

101. A co-worker calls to request emergency assistance due to their being impacted by a prolonged PSPS outage, and states their medical supplies are in danger of being destroyed. How does HR support PG&E employees in such instances?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

2024 Public Safety Power Shutoff (PSPS)
Tabletop (TTX)
Exercise Evaluation Guide (EEG)

MODULE 4 - ALL-CLEAR, PATROL AND RESTORE, NOTIFICATION - C

Module 4 Questions and Eval for Breakout C

Aviation Services

102a. How does the Aviation Branch estimate the number of assets needed for each PSPS Event?

102b. Has this process changed in recent years?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Aviation Services

103a. What platform does Aviation Services use to dispatch and track assets?

103b. Does this platform have APIs that are compatible with ESRI and other Common Operating Picture platforms?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 4 Questions and Eval for Breakout C

Finance

104. At what point does the Finance Branch issue charging orders for the event?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

EOC Commander, Operations Section, Plans Section

105. Please provide an overview of the All-Clear process. How is the decision to begin patrol and restoration communicated to the field?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 4 Questions and Eval for Breakout C

**EOC
Commander,
Operations
Section,
Plans Section**

106a. Is the All-Clear decision based on Time-Place, or Fire Index Area?

106b. How has this changed, if applicable?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

**EOC
Commander,
Operations
Section,
Plans Section**

107. What role does the Resource Unit play in determining crew movement?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 4 Questions and Eval for Breakout C

Intelligence & Investigation s Section

108. Please provide an overview of the damage documentation process.

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Intelligence & Investigation s Section

108a. How is the post-event damage report communicated, and to whom?

108b. What application is used to streamline the documentation process in the field?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 4 Questions and Eval for Breakout C

**Operations
Section, REC,
OEC**

109. Operational constraints are suggesting the need for an Incident Management Team. Is activating an IMT feasible?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

**EOC
Commander,
Meteorology**

110a. How would you respond if PSPS conditions persist in a given Time-Place past the expected All-Clear time?

110b. What are the critical elements of information that factor into this decision?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 4 Questions and Eval for Breakout C

**EOC
Commander,
Meteorology**

111. You are in the process of finalizing the last All-Clear meeting, when Meteorology informs you that they are monitoring a potential new event with an estimated weather window 4 days from now. What are your decision points?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

REC, OEC

112. How are After Action Reports generated at the Region and Division echelons?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 4 Questions and Eval for Breakout C

REC, OEC

113. What elements of critical information are required?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Plans Section

114. How is the Demobilization Plan drafted and disseminated?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 4 Questions and Eval for Breakout C

Plans Section

115. Who is responsible for the safe return of crews to their home station and off-boarding from the event?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

ALL

116. What key points of discussion would you like to bring to the group's attention?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 4 Questions and Eval for Breakout C

ALL

117. Are there points of information that have yet to be discussed?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

ALL GROUP

MODULE 2 - EOC ACTIVATION, EVENT SCOPING, PLANNING AND NOTIFICATIONS G

Module 2 Questions and Eval for Group

GIS Tech Specialist

120. What is the role of the GIS Tech Specialist in a PSPS Event?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Vegetation Management

121a. What are the parameters of permitting Vegetation Management crews to operate in the vicinity of PSPS-impacted circuits prior to de-energization?

121b. Is there a tag process to ensure vegetation removal is prioritized for potential ignition sources?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 2 Questions and Eval for Group

Logistics

122. You have been notified that a key piece of switching equipment in the field is defective and is a critical component of the de-energization process. From materials standpoint what do you do? How is delivery coordinated with the impacted OEC?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

IT

123. What actions would the IT Branch take in the event of a Telecommunications outage that could potentially last long enough to impact restoration?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

MODULE 3 - DE-ENERGIZATION AND NOTIFICATION, EVENT MONITORING - G

Module 3 Questions and Eval for Group

**PSPS,
Customer,
Liaison, PIO,
REC, OEC**

124a. What is the notification sequence following a decision made by the OIC/EOC Commander?

124b. How are each of the entities listed here informed? Please also outline the process to notify Customers and Public Safety Partners.

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

**EOC
Commander**

125a. How do you resolve conflicts when ad hoc meetings begin to interfere with the normal meeting cadence?

125b. Are there meetings that cannot be moved no matter the conflict?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 3 Questions and Eval for Group

**EOC
Commander**

126. How frequently do you check in with the REC and OEC level to determine their situations?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

**Logistics/
Customer**

127. What do you do if the outage impact to customers is extended, and a given CRC site is no longer available, or we need to add another CRC site to support the number of people in the community?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

MODULE 4 - ALL-CLEAR, PATROL AND RESTORE, NOTIFICATION - C

Module 4 Questions and Eval for Group

Finance

128. What are some of the Finance Branch's priorities during this phase?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Finance

129. How is the financial reconciliation completed post-event?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 4 Questions and Eval for Group

Finance

130. How are the REC and OEC echelons finances handled?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

REC/OEC

131. What is the demobilization process at the Regional and Division levels?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 4 Questions and Eval for Group

REC/OEC

132. Does the REC or OEC remain open for communications following a PSPS Event?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Aviation

133. How does the Aviation Branch de-conflict support requests at various times of year?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

Module 4 Questions and Eval for Group

Aviation

134. How does the Aviation Branch mitigate fluctuations in the availability of air assets based on the season?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

SIPT

135. How would you request SIPT services for damage repair taking place in a HFTD post-event, and the FPI requires EMER-4102-S precautions to be taken?

Core Capabilities	Strengths	Areas for Improvement	Supporting Comments
	Check if this is a strength	Check if this area needs improving	Provide details in what is the strength. Provide details on what should/can be improved.
1. Planning			
2. Operation Coordination			
3. Public Information and Warning			
4. Situational Awareness			
5. Critical Resources			
6. Natural and Cultural Resources			

ACRONYMS

This acronym list is a combination of commonly used terms by this document, PG&E and FEMA.

AAR	After-Action Report
C/E/S	Controller/Evaluator/Simulator
Cal OES	California Governor's Office of Emergency Services
CCECC	Customer Contact Emergency Coordination Center
CERP	Company Emergency Response Plan
CFILC	California Foundation for Independent Living Centers
CPUC	California Public Utilities Commission
CRESS	Corporate Real Estate Strategy and Services
CSO	Customer Strategy Officer
CWSP	Community Wildfire Safety Program
DCC	Distribution Control Center
DSO	Distribution System Operations
EDEC	Electric Distribution Emergency Center
EEG	Exercise Evaluation Guide
EndEx	End of Exercise
EOC	Emergency Operations Center
EP&R	Emergency Preparedness and Response
ETEC	Electric Transmission Emergency Center
ExPlan	Exercise Plan
FA	Functional Area
FAQ	Frequently Asked Question
FCC	Facility Coordination Center
FE	Functional Exercise
FEMA	Federal Emergency Management Agency
FIA	Fire Index Areas
FIN	Finance & Administration Section
FSE	Full Scale Exercise
GCC	Grid Control Center
HAWC	Hazard Awareness and Warning Center
HRCC	Human Resources Coordination Center
HSEEP	Homeland Security Exercise and Evaluation Program
I&I	Intelligence & Investigation Section
ICS	Incident Command System
ITCC	Information Technology Coordination Center
LNO	Liaison Officer
LOG	Logistics Section
MSEL	Master Scenario Events List
MTCC	Materials and Transportation Coordination Center

OIC	Officer-in-Charge
OPS	Operations Section
PauseEx	Pause Exercise
PG&E	Pacific Gas & Electric
PIO	Public Information Officer
PLANS	Planning Section
PMO	Project Management Office
PSPS	Public Safety Power Shutoff
QLR	Quick Look Report
QRG	Quick Reference Guide
REC	Regional Emergency Center
ResumeEx	Resume Exercise
SimCell	Simulation Cell
SIPT	Safety and Infrastructure Protection Teams
SLTT	State, Local, Tribal, and Territorial
SO	Safety Officer
SOPP	Storm Outage Prediction Project
