

PACIFIC GAS AND ELECTRIC COMPANY
Wildfire Mitigation Plans Discovery 2023-2025
Data Response

PG&E Data Request No.:	SPD_014-Q005		
PG&E File Name:	WMP-Discovery2023-2025_DR_SPD_014-Q005Rev02		
Request Date:	May 14, 2024	Requester DR No.:	SPD_WSPS_PG&E_004
Date Sent:	May 28, 2024 Rev02: June 20, 2024	Requesting Party:	Safety Policy Division
PG&E Witness:		Requester:	Henry Sweat

QUESTION 005

Provide number of A, B, X, E, F for Aerial, Ground and Pole Test and Treat finds during inspections in 2023, and 2024 broken down by HFTD and non-HFTD. Include number of inspections and find rate for each tag type. Submit the same information in the same format as *Table RN-PG&E-23-04-7* (attached in email) for 2023 and 2024 from PG&E's 2023-2025 *Wildfire Mitigation Plan Supplemental Response to Revision Notice*, except provide the actual tag finds, rather than "Forecast Tag Finds." Indicate if helicopters or planes were used for any of the aerial inspections.

ANSWER 005 REVISED 02

PG&E responded to "*WMP-Discovery2023-2025_DR_SPD_014-Q001.pdf*" (Q001), "*WMP-Discovery2023-2025_DR_SPD_014-Q002.pdf*" (Q002) and "*WMP-Discovery2023-2025_DR_SPD_014-Q003.pdf*" (Q003), of this request by reviewing the most recently created 100 tags in its Priority A, X and B categories. PG&E responded to "*WMP-Discovery2023-2025_DR_SPD_014-Q005Rev01.pdf*" (Q005), by providing a count of all tags created from inspections only in 2024. As more than 100 tags were created in 2024, the counts reported in Q005 should include more tags. PG&E also included the non-HFTD/non-HFRA tier in the data pull for Question 005, which was not originally included in *Table RN-PG&E-23-04-7*.

In addition, PG&E initially used a slightly different methodology when applying filters to pull the tag count data for Question 005 compared to what was used for Q001-Q003 in PG&E's system of record, since the data for those questions was pulled by different teams. PG&E has since aligned on the data pull methodology and is providing updated counts for Q005 as shown in the table below.

2023-2024 Actual Finds by Inspection Type

			Annual Inspections 2023			Annual Inspections 2024 (YTD)		
Inspection Type	Tier	Priority	Find Rate	Actual Inspections by Tier	Actual Tag Find	Find Rate	Actual Inspections by Tier	Actual Tag Find

	Zone 1	E	5.33%	75	4	0.00%	8	0

***Notes:**

1. No helicopters or planes were used for any of the aerial inspections. Only drones were used.
2. The aerial data solely reflects new finds and does not reflect tag reassessments.
3. The aerial scope in 2023 prioritized the inspection focus on urgent A and B tags.
