QUESTION 004

Table 13 in the Q2 2024 QDR lists Work Order number 121706053 as an open level 1 work order originating on July 9th 2021. Provide the work order and background information regarding this asset including why this work order remained open as of 6/30/2024.

ANSWER 004

Please see attachment "*WMP-Discovery2023-2025_DR_SPD_019-Q004Atch01CONF.pdf*" for the requested work order.

Tag 121706053 was reopened on August 1, 2024, for correction of closure. Originally the tag was closed out as COMP (completed) but when it was reopened, it was corrected to CNCL (canceled) due to being a duplicate location to a lower priority tag, where the work was completed.

Please see the comments included on the work order for additional information.
