Prepare Your Business for Safety Outages

Some of the measures included in this document are contemplated as additional precautionary measures intended to further reduce the risk of wildfires. "PG&E" refers to Pacific Gas and Electric Company, a subsidiary of PG&E Corporation. ©2024 Pacific Gas and Electric Company. All rights reserved. CCC-0824-4335. 07/17/2024

What we're doing to prevent wildfires

We use these layers of wildfire protection to help keep you safe:

Using technology to better predict, monitor and respond to wildfires

Installing stronger poles and covered powerlines on 1,700+ overhead line miles

Undergrounding powerlines in the highest fire-risk areas

Trimming trees to ensure they are away from powerlines

Equipping powerlines with safety settings that turn off power when a threat is detected

Turning off power to prevent a wildfire during extreme weather

See wildfire safety work in action

You can look up your business address on our Progress Map to see safety work in your area. You can also see if your address qualifies for the Self-Generation Incentive Program or the Permanent Battery Storage Rebate Program.

Safety outages protect you and your business

Public Safety Power Shutoff

Planned safety outages that help prevent a wildfire when risk is high. Our goal is to **notify you two days before** an outage.

Learn more at pge.com/psps

Enhanced Powerline Safety Settings

These settings may shut off power for safety if a hazard is detected on a powerline.

Learn more at pge.com/epss

We will keep you updated via text, call and/or email about when power will return during safety outages.

Be prepared in case of an outage

Before an outage

Visit [pge.com/outageprep](https://www.pge.com/outageprep) to:

- Create an emergency plan so you can keep your employees or tenants safe
- Make sure your contact information is correct to get alerts
- Explore free and reduced cost backup power options
- Sign up for Address Alerts to receive notifications for additional locations

During an outage

- View current outages and restoration times at [pge.com/outages](https://www.pge.com/outages)
- Find local support and services by calling **211**, texting 'PREPARE' to **211-211** or visiting [211.org](https://www.211.org)
