

Empowering energy savings

PG&E offers programs and tools that support the energy-efficiency and renewable energy needs of our diverse residential customer base.

Home Energy Checkup: Answer a few basic questions about your home and lifestyle to receive an estimate of what's using energy in your home and a list of personalized, suggested improvements.

pge.com/checkup

Energy Action Guide: Compare energy-smart products that can help reduce your electricity costs, so you can find the model that is right for you and your needs.

guide.pge.com

Permanent Battery Rebate Program:

Qualified customers may be eligible for a \$5,000 rebate on the purchase of a permanent residential battery storage system to serve as backup power during an outage.

pge.com/permanentbatterystorage

Financial assistance programs: CARE, FERA and Medical Baseline are monthly discount programs that help eligible customers pay their energy bills.

pge.com/billhelp

Energy-efficiency financing: The state of California can help finance energy-saving improvements to make your home more comfortable and efficient.

gogreenfinancing.com/pge

HomeIntel: Helps you better understand your electric and gas use and identifies the categories with the most savings potential. Learn how to reduce "idle load" energy waste from electronics, refrigerators and other plug loads.

hea.com/homeintel

WatterSaver: Optimizes your energy use throughout the day to help you save energy, balances the demand on the power grid to avoid outages and uses energy from renewable sources, like solar and wind.

watter-saver.com

Power Saver Rewards: This free program rewards you with a bill credit for temporarily reducing energy use when the demand for electricity is high.

powersaver.pge.com

Energy Savings Assistance Program:

Qualified customers can use this program to pay for energy-saving home improvements at no cost.
