

POSTING REQUIREMENTS FOR FERC STANDARDS OF
CONDUCT PACIFIC GAS AND ELECTRIC COMPANY

FERC Standards of Conduct, Section 358.7(a): If a transmission provider discloses non-public transmission function information, other than information identified in paragraph (a)(2) of this section, in a manner contrary to the requirements of § 358.6, the transmission provider must immediately post the information that was disclosed on its Internet website.

On May 3, 2024, a Pacific Gas and Electric Company (PG&E) Marketing Function employee was inadvertently provided non-public transmission function information regarding a planned outage starting around July 17, 2024 for the duration of the summer and fall months on the Grizzly 115kV tap line through email.
