**Subject:** Tier 1 Information-Only Submittal – Status of Projects Funded through

IIJA, IRA and CHIPS Quarterly Report for the Period Q2 2024 Pursuant

to Resolution E-5254 Ordering Paragraph 5

#### **Purpose**

In compliance with California Public Utilities Commission (Commission or CPUC) Resolution (Res.) E-5254, Resolution to Adopt Procedural Mechanisms for Review and Approval of Electric and Gas Investor-Owned Utility Cost Recovery Requests for Infrastructure Investment and Jobs Act and Other Federal Grant Programs, Pacific Gas and Electric Company (PG&E) submits this Tier 1 information-only advice letter pursuant to Ordering Paragraph 5 of the Resolution to provide quarterly reporting to Energy Division. The attached quarterly report contains information on the status of projects applied for or funded through the Infrastructure Investment and Jobs Act (IIJA), Inflation Reduction Act (IRA), or Creating Helpful Incentives to Produce Semiconductors and Science Act (CHIPS).

#### **Background**

On April 10, 2023, the CPUC issued Res.E-5254 to:

- Describe the process by which the investor-owned utilities (IOUs) should seek to recover costs associated with matching funds and other costs associated with participation in the IIJA, the IRA and the CHIPS.
- Provide direction on how IOUs should track project costs and taxes associated with grants awarded under the IIJA, IRA, and CHIPS.
- Establish an advice letter process for IOUs to track and regularly report to Energy Division on planning, seeking, and implementation of IIJA, IRA, and CHIPS awards.

PG&E submits this information-only Tier 1 AL in compliance with OP 5 of Res.E-5254. The information appended to this Advice Letter is April 1, 2024 through June 30, 2024 with the best available information. Due to the varying nature of grant application processes across opportunities, the scope and value of awards being pursued may change before applications are finalized.
